

altitude sickness *(al-ti-tude-sick-ness)*

Definition

n. A condition that occurs when a person ascends to a high altitude too quickly, causing symptoms such as headaches, nausea, and dizziness due to reduced air pressure and oxygen levels.

Example Sentence

Climbers often experience **altitude sickness** when scaling high mountains without proper acclimatization.

More Example Sentences

To prevent **altitude sickness**, it's important to ascend gradually and stay hydrated.

Synonyms

mountain sickness; acute mountain sickness; high-altitude illness

Antonyms

sea level comfort; lowland wellness; normal oxygenation
