

# superposition *(su-per-po-si-tion)*

## Definition

n. the arrangement of things on top of each other.

## Example Sentence

Einstein proposed that the particle isn't in a **superposition** state, or two places at once; but rather it always has a true location, and people just couldn't see it.

## More Example Sentences

**Superposition** is common in geological layers.

## Synonyms

layering; stacking; overlap
